The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) Web site at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

II. About This School

School Description and Mission Statement (School Year 2008-09)

This section provides information about the school, its programs and its goals.

The mission of North Davis Elementary School is to provide a working and learning environment in which every member of the school community thrives academically, socially and emotionally. Mutual respect, high expectations and joy for working and learning are the foundation for all we do. Students, parents, school staff, and community members work together, at school and at home, to achieve maximum growth and development for each child. We value a school setting in which all members demonstrate awareness and caring for the well being of each individual, our school, our community and the world beyond, now and in the future.

North Davis Elementary School is characterized by a strong feeling of community. All school staff, parents, and children enjoy working, learning, and playing together in an atmosphere of trust, mutual respect, and support. The teaching staff is talented and dedicated and makes sure classrooms are nurturing and academically challenging. Parents are an integral part of the school program. We attempt to involve all families in our school and we celebrate the diversity of our school population.

Our site is located in the heart of Davis near the University of California, the county library, the Veterans' Memorial Building, Davis Senior High School, the Davis Art Center, Community Park, and Rainbow City Play Park. These nearby facilities provide enrichment opportunities for students. Our facilities are attractive and clean and were modernized in 2004-2005.

Ramon Cusi has been the principal of North Davis Elementary for 2 years. He has 16 years of experience as an administrator, Teacher and Coach.

Our school leadership team includes teacher representatives from each grade level. This group meets bimonthly to discuss concerns and to plan meeting agendas. Teachers on our site participate in school decision making on a regular basis. The SSC and the PTA meet as needed. Our English Language Advisory Committee (ELAC) is active. An ELAC member serves on the SSC and we have representation on the district committee as well. We keep parent leaders informed about the school in person and via the school newsletter. We openly welcome input and ideas from parents, staff, students, and community members.

North Davis Elementary leadership includes the School Site Council, Positive School Climate Committee, PTA, and English Learners' Advisory Committee. The school's annual plan is reviewed and approved by our SSC, a group composed of five parents and five school staff members. The PTA organizes activities to unify the school community and support students' educational experiences. The group raises funds to enrich the educational program for all students. More than 75 percent of North Davis families are members of PTA. The ELAC advises the district and school sites on matters pertaining to the instruction of English learners. Parents and guardians are highly visible on our campus and participate in every facet of our programs.

To become more involved in our school, please contact our principal, Ramon Cusi, at (530) 757-5475.

North Davis Elementary 2008-09 School Accountability Report Card

The district tests all third graders to determine eligibility for the GATE program. A GATE program for fourth through sixth grade students is available at regional school sites. For GATE students who remain in neighborhood schools, classroom teachers provide individualized instruction through open-ended assignments, grouping within and across classrooms, and individual assignments. These strategies provide greater challenge, depth, and complexity.

III. School Climate

School Safety Plan (School Year 2008-09)

This section provides information about the school's comprehensive safety plan.

Davis schools strongly emphasize student and staff safety. The School Site Council (SSC) reviews, updates, and approves our emergency plan annually. We place crossing guards at nearby crosswalks. We hold regular fire, earthquake, and disaster drills. Students have access to clean, safe facilities, and staff members check playground equipment for safety on a regular basis. Our maintenance staff uses a preventive program to offset costly repairs. The school nurse instructs the staff in ways to support children with allergies and asthma. Committees of parents and staff ensure that we are maintaining a positive school climate. Our school climate committee meets prior to our SSC meeting which consists mainly of our SSC membership.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2008 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/starpkt5intrpts.pdf>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of

**North Davis Elementary 2008-09
School Accountability Report Card**

schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2006	2007	2008
Statewide	10	10	10
Similar Schools	8	8	6

Academic Performance Index Growth by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note, "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2006-07	2007-08	2008-09	2009

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2008-09)

Federal Intervention Program (School Year 2009-10)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

All certificated staff are provided three days of professional development each year.

XIII. National Assessment of Educational Progress

National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities (SD) and English language learners (ELL) is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress Web page at <http://nces.ed.gov/nationsreportcard/>. Note: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school. Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades four, eight and twelve and for long-term trends assesses grades nine, thirteen, and seventeen. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English-language arts (ELA), encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE National Assessment of Educational Progress (NAEP) Web page at <http://www.cde.ca.gov/ta/tg/nr/>.
