I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

II. About This School

School Description and Mission Statement (School Year 2010-11)

This section provides information about the school, its programs and its goals.

The mission of North Davis Elementary School is to provide a working and learning environment in which every member of the school community thrives academically, socially and emotionally. Mutual respect, high expectations and joy for working and learning are the foundation for all we do. Students, parents, school staff, and community members work together, at school and at home, to achieve maximum growth and development for each child. We value a school setting in which all members demonstrate awareness and caring for the well being of each individual, our school, our community and the world beyond, now and in the future. North Davis Elementary School is characterized by a strong feeling of community. All school staff, parents, and children enjoy working, learning, and playing together in an atmosphere of trust, mutual respect, and support. The teaching staff is talented and dedicated and makes sure classrooms are nurturing and academically challenging. Parents are an integral part of the school program. We attempt to involve all families in our school and we celebrate the diversity of our school population. Our site is located in the heart of Davis near the University of California, the county library, the Veterans' Memorial Building, Davis Senior High School, the Davis Art Center, Community Park, and Rainbow City Play Park. These nearby facilities provide enrichment opportunities for students. Our facilities are attractive and clean and were modernized in 2004-2005. Ramon Cusi has been the principal of North Davis Elementary for 2 years. He has 16 years of experience as an administrator, Teacher and Coach. Our school leadership team includes teacher representatives from each grade level. This group meets bimonthly to discuss concerns and to plan meeting agendas. Teachers on our site participate in school decision making on a regular basis. The SSC and the PTA meet as needed. Our English Language Advisory Committee (ELAC) is active. An ELAC member serves on the SSC and we have representation on the district committee as well. We keep parent leaders informed about the school in person and via the school newsletter. We openly welcome input and ideas from parents, staff, students, and community members. North Davis Elementary leadership includes the School Site Council, Positive School Climate Committee, PTA, and English Learners' Advisory Committee. The school's annual plan is reviewed and approved by our SSC, a group composed of five parents and five school staff members. The PTA organizes activities to unify the school community and support students' educational experiences. The group raises funds to enrich the educational program for all students. More than 75 percent of North Davis families are members of PTA. The ELAC advises the district and school sites on matters pertaining to the instruction of English learners. Parents and guardians are highly visible on our campus and participate in every facet of our programs. To become more involved in our school, please contact our principal, Ramon Cusi, at (530) 757-5475. The district tests all third graders to determine eligibility for the GATE program. A GATE program for fourth through sixth grade students is available at regional school sites. For GATE students who remain in neighborhood schools, classroom teachers provide individualized instruction through open-ended assignments, grouping within and across classrooms, and individual assignments. These strategies provide greater challenge, depth, and complexity.

III. School Climate

School Safety Plan (School Year 2010-11)

This section provides information about the school's comprehensive safety plan.

Davis schools strongly emphasize student and staff safety. The School Site Council (SSC) reviews, updates, and approves our emergency plan annually. We place crossing guards at nearby crosswalks. We hold regular fire, earthquake, and disaster drills. Students have access to clean, safe facilities, and staff members check playground equipment for safety on a regular basis. Our maintenance staff uses a preventive program to offset costly repairs. The school nurse instructs the staff in ways to support children with allergies and asthma. Committees of parents and staff ensure that we are maintaining a positive school climate. Our school climate committee meets prior to our SSC meeting which consists mainly of our SSC membership.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The assessments under the STAR program show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven. The CAPA includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA is an alternate assessment that is based on modified achievement standards in ELA for grades three through nine, mathematics for grades three through seven and Algebra I and science in grades five, eight, and ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. On each of these assessments, student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2009 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/pkt5intrpts09.pdf>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal Elementary and Secondary Education Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2010-11)

Federal Intervention Program (School Year 2011-12)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.
