

DJUSD Bond Project at Your Neighborhood School

Dear Neighbor,

The Da Vinci High School Tech Hub Bond Project includes several exciting aspects, including a newly constructed multipurpose room, a STEM lab, P.E. locker rooms, and a new science lab. Additional renovations will include an expanded parking lot, front office renovations and campus landscaping. Anticipated project completion is Summer 2022.

Virtual Community Outreach Invitation

To protect the health, well-being, and public safety of students, employees and community members and consistent with the current shelter-in-place orders from the State of California and guidelines from Yolo County, DJUSD Bond Program Community Outreach meetings cannot be held in person. To share information about the facility improvements at Da Vinci High School, a pre-recorded presentation has been posted on the Bond website at www.djUSD.net/bond/outreach. Public comment, questions or concerns about this project are welcome and encouraged.

We will be reviewing feedback emailed to facilityplaning@djUSD.net until the end of the public comment period, Friday, February 5 at 5:00 p.m.
