

Yolo-Solano Center for Teacher Credentialing

JOB DESCRIPTION

Position Title:

Yolo-Solano Center for Teacher Credentialing (YSCTC) Program Director II

Basic Function:

Under the direction of the Executive Director, the Induction Director II is responsible to plan, develop, and implement a program of training, induction, and credentialing support to all eligible Preliminary credential holders in order for them to attain a Clear Credential, as well as both Preliminary and Clear Career Technical Education (CTE) credentials. The Director maintains and monitors all major program components, services, relationships, and agreements; manages program staff and operations; coordinates program relationships and interactions among P-12 and higher education partners and participants; provides and participates in diverse professional development trainings; establishes liaison and communications with regional and state beginning teacher induction and credentialing networks; produces program materials; conducts program evaluations; provides required reports; and monitors the program budget.

Essential Functions:

Induction Program Consortium Responsibilities:

1. Verify the completion of the approved induction program by formally submitting an application to the Commission on Teacher Credentialing for the multiple or single subject clear credential, education specialist clear credential, and career technical education preliminary and clear credentials .
2. Verify completion of requirements for a clear credential. Each Program Sponsor must have procedures in place to verify completion of the requirements for each candidate that finishes their program for all of the candidates in the Consortium.
3. Ensure that the appropriate verification of all teacher induction program requirements are met and are included with the application submitted to the Commission on Teacher Credentialing.
4. Ensure that teachers meet all the requirements for the clear credential, whether the teacher completed all work in the Yolo-Solano CTC Program or the teacher began the work in another program and completed the work in this program .
5. Maintain continuous contact and communications with district superintendents, personnel managers, and site administrators to provide legal information regarding roles, responsibilities, and documentation for accountability specific to teacher credentialing, hiring, and compliance processes.
6. Provide the professional development and induction program services and documentation in accordance with California induction and teaching standards.
7. Provide site administrators with up-to-date lists of program participants and reminders of their responsibilities for implementation for the year.
8. Train district administrators as needed including school board members, superintendents, assistant superintendents, directors, and others.

9. Ensure that site administrators participate in Site Administrator training, and are regularly updated on program requirements.
10. Ensure that all district and site administrative staff understand the activities are not to be used as evaluative information for the participating teacher.
11. Provide information on program changes to all stakeholders .
12. Supervise a system of Support providers: hiring, contracts, training, certification, accountability, resources and collaboration involving participating teachers, site administrators, and district liaisons.
13. Supervise and support program staff, operations, information and materials development, production, and distribution, and accurate record-keeping.
14. Supervise and evaluate program coordinators to ensure program support to all stakeholders.
15. Conduct ongoing formative and summative evaluation of services, relations, providers, participants, and products for program improvement, quality, consistency, and accountability.
16. Monitor and maintain program budgets, grants, contracts, and agreements.
17. Coordinates training sessions for program participants
18. Represents the Yolo-Solano Center for Teacher Credentialing Intern, Induction and CTE programs at regional and statewide meetings as needed
19. Establish and maintain liaison with universities, districts, and count, state and other related agencies.

Demonstrated Knowledge Of:

1. Formative assessment models and California academic content standards & frameworks, CTE standards and frameworks, CSTPs, CTP, and induction standards.
2. Prior experience with Professional Learning Communities, coaching, mentoring developing teachers and Learning Focused Conversations and relationships.
3. Mentoring Matters or Cognitive Coaching training.
4. Current initiatives, legislation, and education codes regarding teacher induction and credentialing.
5. Effective professional development models and strategies; develop, organize and conduct professional development activities.
6. Proficiency in the use of related telecommunications and computer applications.
7. Techniques and practices of effective implementation, supervision, and management of budgetary and other management procedures.

Demonstrated Ability To:

1. Research principles and practices relative to beginning educator professional development and effective teaching and learning.
2. Plan, coordinate, and facilitate collaborative relations and large and small group interactions.
3. Develop and produce quality information and instructional materials and processes.
4. Communicate effectively orally and in writing.

Education Required:
