Meal Charge Policy Frequently Asked Questions

Q: How much does it cost to purchase Breakfast and Lunch?

Breakfast in the elementary schools costs \$1.75 and in secondary schools costs \$2.00. Lunch in the elementary schools costs \$3.25 and secondary schools costs \$3.50.

Q: If my child forgets money can he/she still eat?

Of course, we never want to turn students away. As such, we have certain procedures in place to permit students to access regular meals that will be charged to the account

Q: As a parent how will I receive communication that my student's account has a low or zero balance?

Parents will be notified through an email from the Student Nutrition Services Department informing parents of either a low or zero balance on their student's account.

Q. How can I submit money on my student's account?

You can pay for school meals in two easy ways. Make payments using a credit card or debit card by signing up for MySchoolBucks.com which you can link to from the DJUSD Student Nutrition Services website. This is an online payment system that directly deposits money into student's account. There is a transaction cost for any dollar amount deposited. You can also pay for school meals by dropping off a check payable to DJUSD Student Nutrition Services at the school office.

Q. If I have questions, what number can I call?

A parent or guardian can call the Student Nutrition Services Office at (530) 759-2186. Someone is available to take your call 8:00 am – 4:00 pm, Monday through Friday. Department staff will help answer questions about student account balances, deposits, meal purchases or other needs.

Q. Why is this change happening now?

With the rising costs of food and employee health and welfare, it is important for the Student Nutrition Services Department to account for all meals being sold. If you have questions or concerns, please call Student Nutrition Services at (530) 759-2186.
