School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

The Fairfield Mission is to establish a school that stimulates creativity and curiosity, and challenges our students to reach their highest potential. We provide an environment that is a safe, friendly, joyful place to learn, where children feel free to explore and discover, to experiment with ideas, and to take creative risks. We foster a learning community where, with effort and concentration, and with strong home and school support, all children can successfully acquire the basic skills needed to become lifelong learners and to participate fully in society and the workplace. We believe that thinking must pervade the curriculum for all students in all grades. Therefore, we seek to provide a curriculum for all children that engages them as active and responsible learners, encourages student collaboration, and provides students with real-life learning activities. We teach students to think, analyze, and find acceptable solutions to problems. Because we recognize that children have different learning styles, we employ a variety of teaching strategies. We pledge that our evaluation of student progress be sensitive and thorough. We stand for the universal moral values that all members of our community can support: honesty, respect, and compassion. We revere self-expression and we cherish diversity. We model the behavior we expect of our children, and we demonstrate our commitment to collaboration and shared decision-making through participation in the leadership of our school. Our strength lies in our bond, in the interdependence of willing parents, teachers, and children. We believe and delight in the unlimited potential of our students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	--	--	69.0	70.0	48.0	50.0
Mathematics (grades 3-8 and 11)	--	--	64.0	66.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	--	--	--	--
Male	--	--	--	--
Female	--	--	--	--
Asian	--	--	--	--
White	--	--	--	--
Socioeconomically Disadvantaged	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percentage of Students Meeting or Exceeding the State Standard					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
Science (grades 5, 8, and 10)	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Fairfield Elementary School follows a parent participation-based model. Each family is expected to complete a set number of volunteer hours during the school year. Parent/family roles and responsibilities may include: classroom helper, lunch aide, PTA officer, School Site Council (SSC) officer, Science Coordinator, Newsletter Editor, field trip driver, and many others. Parents also participate through various “work parties.” With an average enrollment of 48 families, Fairfield is served by well over 100 hours per week of parent volunteer time. Fairfield also experiences consistently well-attended PTA meetings, averaging 25 - 50% of families in attendance.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State		
	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18	2015-16	2016-17	2017-18

Expulsions	0.0	0.0	0.0	0.0	0.0	0.0	0.1	0.1	0.1

School Safety Plan (School Year 2018-19)

Fairfield Elementary updated its emergency response plan to reflect new procedures put in place district-wide. All required emergency equipment is in place at each classroom’s emergency exit, and Emergency Responses posters are placed at all exits. Evacuation maps and posters are being updated to include a plan for an off campus evacuation. Fairfield has regular emergency response drills that follow district established procedures. We also continue to work with Maintenance and Operations to make sure that buildings and the playground are up to code. Current Safety Plan was approved by Site Council on October 11, 2018

The school community at Fairfield works together closely on a daily basis, and the climate is inclusive, nurturing, and welcoming. (See also “Opportunities for Parental Involvement.”)

Professional Development (Most Recent Three Years)

Davis Joint Unified School District focuses our professional growth system on our mission and objectives with priority given to social emotional intelligence, differentiated instruction, inquiry based instruction, implementation of the Common Core State Standards, closing the achievement and opportunity gap, as well as the formative assessment process. These focus areas were developed through the Strategic Plan and Local Control Accountability Plan goals along with teacher surveys and Principal feedback to ensure relevancy and meaning for our community.

Davis Joint Unified School District uses a variety of professional learning models to engage staff in their continued growth. Built on the foundation of internal expertise and consultants from outside our district, staff has opportunities during the school year and summer to complete professional development learning episodes and time to implement best practices learned. These activities are supported by federal, state, and local funding as well as generous local parcel taxes. The professional growth occurring in Davis Joint Unified School District has a heavy emphasis on collaboration where time is reserved weekly for staff collaboration by sites in grade level or departmental teams under the direction of site administrators. Staff also has the opportunity to collaborate with grade level/content peers through Common Core Collaboration Grants and collaboration is built into all professional development sessions. Davis Joint Unified School District also has instructional coaches that provide professional growth opportunities with model lessons, collaborative planning and in context learning. Examples of recent Davis Joint Unified School District professional learning include:

- Site developed training (TK – 12) based upon needs articulated by staff, parents, and students to meet specific needs and goals. Sites develop professional growth with the support of outside expertise, district leadership, and staff.
- UC Davis Mathematics Project Teacher Leadership program (K-12) trained math teachers, instructional coaches, and some administration in the Common Core State Standards and progression of mathematical practices.
- Davis Joint Unified School District (7-12) Articulation breakout sessions by department where teacher experts lead and facilitate learning as well as keynote speakers addressing priority topics.
- English Language Development Series promoted by the County Office of Education to dissect the implementation and purpose(s) of the new English Language Development Standards.
- Yolo County Mental Health First Aid
- Restorative Practices
- Staff Book Groups on Mathematical Practices, Coaching Strategies, and impact of trauma (ACES)
