School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

MLKHS is a unique learning environment that serves between 60-75 students at any given time. Students enter on a quarterly basis and exit whenever they have met graduation requirements, or return to the comprehensive high school; as a result, MLKHS enrolls approximately 140 students over the course of a school year. New students are referred through a Student Study Team (SST) process with the site principal and counselor to determine the appropriateness of placement at King. The school offers a voluntary educational option for high school students who are at least 16 years old and in the 11-12th grade. Tenth grade students who are at least 15.5 may be enrolled on a case by case basis. Students and parents choose King for a variety of reasons such as credit recovery, acceleration, flexible scheduling, a small learning community, one-on-one instruction, and/or to address special needs or circumstances (SPED/ELL). Since its inception in 1970, the school site and facilities, as well as staff, have expanded to better meet the needs for any student who needs an alternative educational route to a diploma.

Martin Luther King High School supports the individual student's educational journey toward earning a high school diploma. Our students gain both literacy and career skills, along with the necessary academics required for graduation. We teach vocational and technological skills which will help advance students' ability to succeed in today's job market and post secondary educational settings and beyond. Through a structured and caring educational environment, we strive to cultivate in each student a sense of responsibility and respect for themselves, the community, and the world at large.

Vision, Mission, and Learner Outcomes:

The following were developed by the King staff with input and approval from students and parents. A series of meetings and focus groups were held over the past three years.

Vision: King High's vision is to ensure that every student in our community thrives.

Mission: At King High:

- We care for the whole child by providing them with a safe and welcoming environment, connecting them to resources, addressing their changing needs, and treating them as capable students.
- We expect students to graduate and provide supports by allowing them to earn and recover credits in a variety of ways.
- We aim to ignite confidence in students to reconnect them with their learning.
- We help students to explore post-graduation opportunities.
- We teach students to think and care about something bigger than themselves and to connect to their community.

Student Learner Outcomes: Our students will be Present, Positive, and Productive at school and in their personal, extracurricular, and post-high school lives.

- Present: in their lives, as listeners, with open minds, clear heads
- Positive: they are empathetic, compassionate, kind, hopeful, confident, and can think of something greater than themselves
- Productive: they can learn, they want to continue learning, they can be critical thinkers, they can analyze information, they can apply what they learn to their own lives, they have academic and real-world skills, they are active in their education and their journey towards their goals, they are literate, they are creative, they have a solid foundation in math concepts, they are strong writers and readers, they have a plan for the future

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

Martin Luther King Continuation High School is a relatively new facility, having been built new and moved into in 2007, and meets all standards for good repair, as established by the Office of Public School Construction. There are no facility deficiencies. After a large tree behind the school fell in a windstorm in 2018, we now have the space to add a shed on site near the garden for the growing needs of the school.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	24.0	45.0	69.0	70.0	48.0	50.0
Mathematics (grades 3-8 and 11)	4.0	8.0	64.0	66.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

**CAASPP Test Results in ELA by Student Group
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	28	11	39.29	45.45

English Learners	--	--	--	--
Students with Disabilities	--	--	--	--
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	28	13	46.43	7.69

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percentage of Students Meeting or Exceeding the State Standard					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
Science (grades 5, 8, and 10)	N/A	N/A	N/A	N/A	N/A	N/A

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Career Technical Education Programs (School Year 2017-18)

All students at King High school are required to meet a 5 credit requirement in Career education. Students investigate their learning and personality styles as well as research careers that match their interests. Students are encouraged to apply for positions that allow them to broaden their outlook of careers. Students are taught how to interview for positions using mock interviews from staff and peers. In 2014, the school held a Career Fair for all students. Professionals from various occupations spoke to students about their career and the pathway to the career. Additionally, students are encouraged to investigate the community colleges in the area. Beginning each January, each senior meets with the counselor and fills out the FAFSA and registers for the community college of their choice. At least once per year, a field trip to the local community college is planned for all interested students.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Parents/guardians are an important part of King High School. Each year, a back to school night event is held that includes dinner, an open house, and the opportunity for our families to discuss ways to support their students, our school, and each other. Parent representatives serve on the superintendent's parent advisory group, school site council, and are encouraged to serve on various district committees such as DELAC, AIM, and Special Education. Parents are kept abreast of happenings at King by list-serve announcements, School Loop email, and an updated website. Parents are recruited to drive on field trips, and attend other outings in a supervisory capacity. In addition, at least one parent serves on interview committees for incoming staff. We have several parents actively involved in the district-wide LCAP Advisory Board and Superintendent's Advisory Board. We also hold three parent nights a year to highlight relevant topics and introduce new families to our program. Our annual alumni feast has been expanded to include families of current students and those with a strong connection to King, so we hope to get more involvement with parents/guardians volunteering for and attending that event.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Indicator	School			District			State

School Safety Plan (School Year 2018-19)

School safety begins with a focus on respect for and acceptance of others. The King HS staff monitors language and behavior in classrooms and between classes. King does not have an open campus, and students check in and out at the front office. All visitors enter the building through the front office and identify themselves to the secretary or principal. Emergency kits and safety binders are in all classrooms and are easily identified by their location. The school safety plan is available in the office and the School Site Council (SSC) reviews it every year. In the fall of 2016, a Crisis Response Protocol and a site-based Discipline Response Flow Chart were revised to facilitate consistent and effective response to all safety issues and instances of misbehavior. Quarterly evacuation drills, and annual lock-down drills are conducted to ensure staff and student readiness for all basic emergencies. In addition, the staff has access to all DJUSD personnel with the use of Nextel phones, radios to the District Office, and emergency cell phone contacts that will alert the administration of situations at King immediately. It was last viewed and approved on November 27, 2018, and approved by Site Council. It is reviewed multiple times a year with staff and students prior to drills being conducted.

Average Class Size and Class Size Distribution (Secondary)

Professional Development (Most Recent Three Years)

Davis Joint Unified School District focuses our professional growth system on our mission and objectives with priority given to social emotional intelligence, differentiated instruction, inquiry based instruction, implementation of the Common Core State Standards, closing the achievement and opportunity gap, as well as the formative assessment process. These focus areas were developed through the Strategic Plan and Local Control Accountability Plan goals along with teacher surveys and Principal feedback to ensure relevancy and meaning for our community.

Davis Joint Unified School District uses a variety of professional learning models to engage staff in their continued growth. Built on the foundation of internal expertise and consultants from outside our district, staff has opportunities during the school year and summer to complete professional development learning episodes and time to implement best practices learned. These activities are supported by federal, state, and local funding as well as generous local parcel taxes. The professional growth occurring in Davis Joint Unified School District has a heavy emphasis on collaboration where time is reserved weekly for staff collaboration by sites in grade level or departmental teams under the direction of site administrators. Staff also has the opportunity to collaborate with grade level/content peers through Common Core Collaboration Grants and collaboration is built into all professional development sessions. Davis Joint Unified School District also has instructional coaches that provide professional growth opportunities with model lessons, collaborative planning and in context learning. Examples of recent Davis Joint Unified School District professional learning include:

- Site developed training (TK – 12) based upon needs articulated by staff, parents, and students to meet specific needs and goals. Sites develop professional growth with the support of outside expertise, district leadership, and staff.
- UC Davis Mathematics Project Teacher Leadership program (K-12) trained math teachers, instructional coaches, and some administration in the Common Core State Standards and progression of mathematical practices.
- Davis Joint Unified School District (7-12) Articulation breakout sessions by department where teacher experts lead and facilitate learning as well as keynote speakers addressing priority topics.
- English Language Development Series promoted by the County Office of Education to dissect the implementation and purpose(s) of the new English Language Development Standards.
- Yolo County Mental Health First Aid
- Restorative Practices
- Staff Book Groups on Mathematical Practices, Coaching Strategies, and impact of trauma (ACES)
