School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

At Pioneer Elementary School we believe that all children will learn. We strive to know each child as individuals supporting their growth academically, socially, and emotionally. We provide targeted lessons to help students build the skills required for success in the new Common Core State Standards. These lessons provide appropriate support for general education students, GATE students, English learners, and special education students.

Our dedicated staff continually works to establish an environment that is conducive to learning. We do this by building strong relationships with our students and their families. We emphasize using life skills: organization, cooperation, initiative, caring and kindness, effort, friendship, problem solving, perseverance, and flexibility. Our school community recognizes and reciprocates these efforts with a high level of parent involvement in our school programs. As a result of the incredible resources in our school community, our students enjoy a valuable educational experience as they progress through the grade levels.

Additional programs and supports include: Student Support Counselor, Reading Specialist, Math Specialist, Instructional Coach and ELD Specialist.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	74.0	79.0	69.0	70.0	48.0	50.0
Mathematics (grades 3-8 and 11)	78.0	77.0	64.0	66.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Students with Disabilities	24	22	91.67	36.36

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

School Safety Plan (School Year 2018-19)

Safety: We place a strong emphasis on safety. Staff and our School Site Council (SCC) review and revise emergency plans annually. This plan is also reviewed by district office staff. Every classroom has a copy of the Pioneer elementary Emergency Procedures with guidelines for emergencies. Staff reviews emergency procedures annually, at the beginning of the school year, and we schedule and practice fire drills every month, earthquake and lock down drills annually. Each teacher reviews emergency routines with their students twice annually, more often if needed. Our custodian checks the school grounds daily as a part of her safety check. Teachers supervise students before school, during recess periods, and at dismissal to ensure safety. We employ parents and young adults as yard duty supervisors to watch over students during lunch and lunch recess. Yard duty Supervisors are provided training on responding to students using positive behavior strategies. Parent volunteers and visitors check into our school office registering in our computerized system. When volunteers sign in, they wear a sticker to show their presence has been approved and recorded. When parents leave for the day, we ask them to check out at the office. The district’s careful use of resources ensures that students have access to clean and safe facilities. Facilities staff works within a scheduled preventive maintenance program to offset costly repairs whenever possible. Climate: Our teachers and administration focus on the positive and maintain a warm and constructive atmosphere in their classrooms. Teachers work with their students to identify appropriate behavior expectations as well as positive and negative consequences. Common positive behavior support practices include: class meetings, redirection, and individual conversations to support positive relationships and prevent misbehavior. Occasionally, a child needs a brief time-out, loss of recess, or another consequence—for example, a phone call home. We track behavior issues through the use of school citations and with a computerized student information management system. We are fortunate that our parents are active partners in helping their children conduct themselves responsibly. A positive school climate is supported by an active parent community and PTA includes programs for empowering students to make positive decisions for solving problems that may arise.

Professional Development (Most Recent Three Years)

Davis Joint Unified School District focuses our professional growth system on our mission and objectives with priority given to social emotional intelligence, differentiated instruction, inquiry based instruction, implementation of the Common Core State Standards, closing the achievement and opportunity gap, as well as the formative assessment process. These focus areas were developed through the Strategic Plan and Local Control Accountability Plan goals along with teacher surveys and Principal feedback to ensure relevancy and meaning for our community.

Davis Joint Unified School District uses a variety of professional learning models to engage staff in their continued growth. Built on the foundation of internal expertise and consultants from outside our district, staff has opportunities during the school year and summer to complete professional development learning episodes and time to implement best practices learned. These activities are supported by federal, state, and local funding as well as generous local parcel taxes. The professional growth occurring in Davis Joint Unified School District has a heavy emphasis on collaboration where time is reserved weekly for staff collaboration by sites in grade level or departmental teams under the direction of site administrators. Staff also has the opportunity to collaborate with grade level/content peers through Common Core Collaboration Grants and collaboration is built into all professional development sessions. Davis Joint Unified School District also has instructional coaches that provide professional growth opportunities with model lessons, collaborative planning and in context learning. Examples of recent Davis Joint Unified School District professional learning include:

- Site developed training (TK – 12) based upon needs articulated by staff, parents, and students to meet specific needs and goals. Sites develop professional growth with the support of outside expertise, district leadership, and staff.
- UC Davis Mathematics Project Teacher Leadership program (K-12) trained math teachers, instructional coaches, and some administration in the Common Core State Standards and progression of mathematical practices.
- Davis Joint Unified School District (7-12) Articulation breakout sessions by department where teacher experts lead and facilitate learning as well as keynote speakers addressing priority topics.
- English Language Development Series promoted by the County Office of Education to dissect the implementation and purpose(s) of the new English Language Development Standards.
- Yolo County Mental Health First Aid
- Restorative Practices
- Staff Book Groups on Mathematical Practices, Coaching Strategies, and impact of trauma (ACES)
